Index to THE CLASSICAL WEEKLY, Volume XXVII

October 2, 1933—May 21, 1934

This Index has been worked out along the lines followed in the General Index to Volumes I–XVI, and in the separate Indexes to Volumes XVII–XXVI.

In the preparation of this Index I have been very greatly aided by my Secretary, Miss Bertha Medlock.

The name of an author and the title of an article are given in full only once, at the place where the author's surname appears in the alphabetical sequence. The title of a book reviewed will be found in full only where the name of the author appears in the list given under the caption "Reviews". To the titles of articles or subjects (e. g. "Adams, John, and Pliny the Younger") the names of the authors are not attached; one can readily find the names by looking up the page or the pages specified.

In determining the places of certain items in the general alphabetical sequence, or the places of items within a group or a paragraph, certain initial words, "An" and "The", "Der" and "Die", are disregarded.

"Aeneid: Vergil" = 'For the Aeneid see under Vergil'; "Acrocorinth, Excavations: Reviews, Blegen" = 'see Reviews, under the name Blegen'; "see above", "see below" = 'see above', 'see below' under the same caption (i. e. in the same paragraph or group of entries).
